

## Dream - Our focus should be the Bride

Part 1 . There were people sitting at tables around a pool, Jesus was with them, they were having a party and being jolly (fellowship of the saints). Everyone including Jesus jumped into the pool (Anointing presence of the Holy Spirit) they were attacked by bears (principalities) but overwhelmed and killed them all with Jesus's help (He disarmed powers and principalities and victory is in Him).

Everyone was at tables again and many joined in, Jesus said " look at all the Greeks (unsaved) that have joined our ranks (become saved)." and everyone cheered. Jesus then looked at a woman standing against the wall (Church) and said to her " I told you to add daily to these ranks not to keep planting trees" (Jesus commanded that we make disciples not that we plant churches, opening a church when the local believers need a place to fellowship and gather is fine but when "church planting" and not the people inside the church becomes our focus we have lost sight of what is important, the Bride of Christ, not the building where some of the Bride meets. Not all of the Bride are in churches for political or social or geological or whichever reason but a person of the Bride not being in a church doesn't make them less of The Church that is a spiritual body not a geological building site. )

Parts 2. Three people sitting in a pastors office, one represents mature Christians, one young Christians and one the unsaved. The pastor was on the phone with personal business and ignored the three people, later he muted the phone, told them to come back later and when they left he went on with his conversation. (those called are servants of the Bride, when we become so busy with programs and things that we miss the Bride and a relationship with her we miss the point of ministry).
