

Do Not Refuse To Enter The Pleasant Land

Psalms 106:24-25 NLT

The people refused to enter the pleasant land, for they wouldn't believe his promise to care for them. Instead, they grumbled in their tents and refused to obey the Lord.

Beloved let us be careful that, when the Lord gives us a promise about the future, that we don't, like the Israelites of old, refuse to enter, and delay God's destiny for our lives, because we fear things He already promised to deal with. Especially by rejecting and speaking against the promises God made us, (in person or through someone else) because we judge it with our carnal minds, and it seems impossible to us then. Beloved take Him at His word and believe that despite our fears and failures and weaknesses, He will fulfill the destiny He has for us. Ours is not to conceive but to believe.
