

## The calling of the Lord

I saw a large valley and the Throne of the Lord standing in the valley, in front of His Throne I saw a magnitude of people. The Spiritual Israel gathering. The gathering is in preparation of what is to come.

God Himself lifts up prophets, pastors, teachers, evangelists and apostles out of the masses, He lifts them up into the air and they hang like lights above the masses.

Then the Lord showed each one where to go and He Himself put a staff in each one's hand and showed them which group each one must lead and what each one must do.

For the time is few and the battle is at hand. There is no more time to worry about titles, just about what needs to be done.

The Lord said concerning this vision " How will they follow if no one leads them ? I alone give out crowns"

End of vision.

Promotion comes from the Lord and not from man.
