

## Vision – The Cleansing Blood

As I was standing in church worshipping I suddenly realized the whole floor of the church was covered in blood. The blood was about 10cm deep and was moving like water making ripples.

I then asked the Lord, "Lord why is there blood all over the floor?"

Then the Lord said to me "Because where ever you walk, I still wash your feet every day."

I was later reminded of the scripture where Jesus washed the feet of the disciples, His words to Peter were:

"Someone who has bathed only needs to have his feet washed, but is completely clean." John 13:10

Yes we have been washed all over by the Blood of the Lamb, our sins washed away, but as we walk every day we still pick up "dust" from the world on our feet, and Jesus, knowing that He has washed us in His Blood already, just comes to those with repentant hearts and washes their feet, day after day..

What an awesome God we serve.
