

Fruitful

On the evening of 5th June while praying in a group I saw the following vision:

I saw a dry field, no growth, but under the surface was millions of little plants, green and strong ready to break through.

The Lord then said to me that we see ourselves sometimes as a barren field, it feels to us like there is no change or growth in our personal walk sometimes but God looks under the surface at the seed He has deposited in our lives and see that a whole massive harvest is busy growing under the surface about to burst through. So do not be despondent when you feel like things are going slow, God is busy maturing the harvest He is about to bring forth.

1 Corinthians 3:7 So neither he who plants is anything nor he who waters, but [only] God Who makes it grow {and} become greater.

Love in Christ
