

## Frustration (soul havoc)

I saw a vision of a mole digging. It was close to the surface but not there. It knew breakthrough was close and started digging faster.

Father said:

"Like a mole, that frantically digs just before it reaches the surface, your soul digs as it knows breakthrough is close.

If you bring your soul to me along with your spirit, your soul would be as calm as your spirit, knowing breakthrough is inevitable. But you don't.

You bring your spirit to Me, but try to control your soul with willpower and mind power, that is why your soul is causing the havoc.

Your willpower and mind cannot quiet your soul, only My Holy Spirit.

Choose to bring your soul along with your spirit to Me now, for My touch and presence."

Love in Christ
