

And the Fire burns

And the Fire burns, and the darkness cannot extinguish it. For the Fire burns bright and clear. The occasional debris that you, the world, and the enemy of your soul throws in, quickly gets burned up. The Fire always returns to its pure and natural state; unadulterated burning, straight from My Throne.

You give the debris too much credit in your life, for it will never alter your path. I have setup an ancient path - drawn before the beginning of the world - and as long as you seek Me, no matter how feeble your attempts sometimes are, I will help you stay on this path.

For the Fire burns with the brightest Light, and darkness will never extinguish it in you.
